

TEMPOTEST®

ITALIAN PERFORMANCE FABRICS

Premium Collection

shann
Window Fabrics

All **Tempotest®** fabrics are made in Italy and are designed with an elegant and timeless aesthetic, the hallmark of Italian style.

Tempotest® fabrics are constructed from premium solution dyed acrylic fibre with outstanding technical features that easily withstand the diverse Australasian climate.

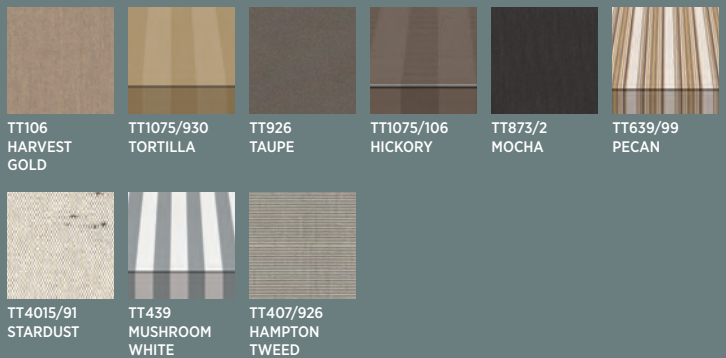

The **Shann Group** purposefully selected the specific colours and patterns from the **Tempotest®** range to create the **Tempotest Premium Collection**.

This collection reflects Australasian character and blends effortlessly into the environment. The high technical quality and innovative Teflon® Extreme finish of **Tempotest** ensures continued performance in residential and commercial sun protection and exterior decoration applications.

Brights

Taupe & Brown

Black & Grey

Beige & Natural
