ATMOSPHERE

EXTERNAL SCREEN RANGE

Atmosphere external mesh is designed for optimal outdoor living. Featuring superior visibility and exceptional glare, UV and heat reduction, the versatile Atmosphere range is available in a range of designer colours.

The colour range showcases shades created to coordinate and contrast with a wide range of popular outdoor finishes, from bricks and paint, to coated aluminium and steel. Backed by a ten year warranty, Atmosphere is manufactured using outdoor rated PVC coated polyester fibre and is treated with anti-bacterial and anti-fungal treatments to keep it looking and performing better, for longer.

Suitable for use in a wide range of external applications including drop blinds and awnings, Atmosphere is also an ideal fabric for patio, pergola, fixed screen and track system applications, as well as recreational vehicle awnings and walls.

Atmosphere is formaldehyde free and carries certification to the strict Oeko-Tex® Standard 100, ensuring there are no chemicals or substances that are harmful to humans used in their production.
